

FORESTRY MANAGEMENT VACANCY

Stanley Wright is an established rural property management company based near Sanquhar, Dumfriesshire. The business is focused on delivering traditional estate management services with a modern and innovative approach.

We have an opportunity to join our forestry department, delivering informed and proactive advice to our client base in this rapidly paced sector.

We are looking for: an individual who is passionate about forestry and woodland and its synergy with the wider rural environment and importance in achieving net zero, people with a foundation knowledge in the UK forest industry its practices and standards, people who can look at opportunities and problems laterally and consider solutions to maximise benefits to the client.

A full-time role based from the office with time in the field and flexibility to work from home as required.

The successful applicant will hold a forestry / ecology / environmental qualification as well as a full driving licence. Knowledge of the forestry industry, grant processes and forestry standards is a benefit however, overarching all of this is the desire to learn, develop and contribute to our clients land and forestry portfolios whilst making a positive impact within our dynamic forward-thinking team.

In return, an excellent opportunity to develop and grow as a professional forester in an exciting and evolving industry, with a competitive salary commensurate with experience. Continued professional development and career enhancement, such as working towards Chartered status, is encouraged and supported.

Applications should be made in writing, accompanied by a CV and sent to enquiries@stanleywright.co.uk by 25th Oct 2021

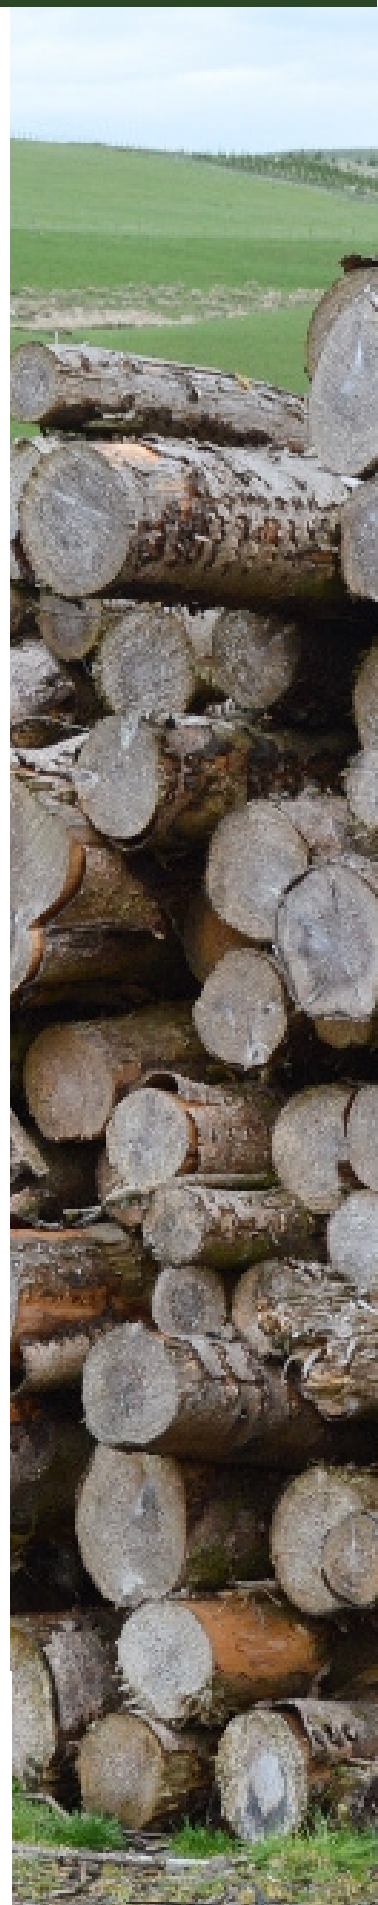

or for an informal chat contact
