

Forestry Manager

Location:

Based at the Cullen Estate Office this varied and challenging role involves the management of over 10,000ha of forestry from mixed productive woodland on the Moray coast to native plantation and designated native pinewood in Strathspey.

As well as responsibility for the operational and financial management of the woodlands the role will involve working with the Estate Management team to ensure integration with the other aspects of the Estate Businesses and provide property management support to colleagues.

Salary:

Commensurate with experience, plus vehicle and non-contributory pension scheme.

Candidate:

You will have the following skills and experience:

- Relevant academic and professional qualifications.
- Confident with Microsoft programmes, GIS mapping, GPS surveying
- Strong commercial and financial skills and at least 5 years' forestry management and timber harvesting experience.
- Self-motivated, a good written and verbal communicator, able to contribute to team working and build good working relationships with regulators and contractors.
- Project management experience, including new woodland creation and a knowledge of Forestry and Land Management grant schemes.
- Good knowledge of the UK Forestry Standard and voluntary carbon markets and proven ability to manage to the UK Woodland Assurance Standard.
- Professional membership of the Institute of Chartered Foresters, or another relevant professional body, is desirable.
- Full UK driving licence.

Applications should be submitted in writing, by 28 February 2022, to The Chief Executive, Seafield Estate Office, Cullen, Buckie, AB56 4UW.
