

## EAMONN WALL & CO

*Improving the world with trees*

We provide our clients with a complete consultancy and management service in forestry and arboriculture. We place much emphasis on personal development, environmental integrity, quality project implementation and customer care. Over the past 30 years we have planted 9.6 million trees nationwide. We now seek to recruit a professional to join our team at Dollar, located by the picturesque Ochil Hills in Central Scotland, to fill one of the following posts either full time or part time:

### **Intern / Assistant Consultant / Consultant**

Duties are varied, depending on your expertise, including woodland design and management, investment and estate forestry, farm and native woodlands, coniferous and broadleaved silviculture, tree surveys and arboricultural advice, timber harvesting and marketing, landscape design, tree planting projects, valuations, grant applications and contract/project management. Important tasks will also include GIS mapping and writing detailed but concise management plans and reports. We offer excellent career opportunities, part-time working possibilities and training will be provided as required. Membership of ICF would be encouraged.

Feel free to phone Eamonn to discuss the positions on 07831 548 918.

Please submit your letter of application by 31<sup>st</sup> January 2023, supported by a full CV to:
