

Senior Woodland Creation Officer

Salary: £27,656 - £34,021

Contract Type: Permanent

Hours: Full-time, expected hours 35

Location: The post is based at Cheshire Wildlife Trust's head office at Bickley Hall Farm, near Malpas, Cheshire, SY14 8EF

Closing date: 2 July 2023

Cheshire Wildlife Trust are recruiting for a Senior Woodland Creation Officer to develop and deliver new woodland creation opportunities across the Cheshire region.

We are delivering more new woodland than ever before and have ambitious targets to tackle our climate crisis. Cheshire is one of the least wooded counties in the UK, by 2030 we must see nature recovering, wildlife returning, and ecosystems restored. Our woodland creation targets play an important part in delivering these positive changes.

This new Woodland Creation Officer role will work within our Nature Recovery team, focussing on seeking new woodland creation opportunities, working with landowners and managers, taking a lead in all technical and regulatory requirements to ensure the delivery of high-quality new woodlands.

The ideal candidate will have excellent project management and organisational skills, and the ability to communicate effectively with people at a range of levels, including project partners, farmers, landowners and land managers. Professional membership of the Institute of Chartered Foresters or another relevant professional body is desirable.

This is a permanent full-time position.

At Cheshire Wildlife Trust we embrace agile working with a focus on supporting you to achieve your objectives alongside a healthy work-life balance. We operate a hybrid working policy with most staff working at least part of the week from home and/or out on site.

The job description and application form can be downloaded from www.cheshirewildlifetrust.org.uk/jobs.

To apply, please email your cover letter and CV to Emma Raine jobs@cheshirewt.org.uk no later than midnight on 2 July 2023

For more information or an informal chat about the role, call Ellie Morris on 01948 820 728.
